

Small Group Questions

Titus Week Five

Introduction

Has there ever been a time in your life when you considered yourself “spiritual” but not “religious”? In your opinion, what do you think people mean?

Are you encouraged that at NDC, there are people who don’t believe the same thing about Jesus as you do but still enjoy coming to NDC or does it concern you?

Read Titus 2:11

“For the grace of God has appeared that offers salvation to all people.

Discussion

In your opinion, why do people have issues with Jesus? Norton pointed out in this verse that the grace that appeared was referring to Jesus himself... Why would people have a hard time with that? Bad theology? Ignorance? Confusion?

Norton also points out that in the original language, “salvation” can also mean restoration or healing. Reread the verse with this new context, does it change or illuminate a fresh, deeper, or a new meaning?

In your own spirituality/religion, are you more concerned about today or the future (your eternal salvation)?

How can we grow in both?

PRAYER

In what areas can we pray for you and your family?
